Soft Skills

- Communication
- Problem Solving Teamwork
- Time-management
- Adaptability
- Interpersonal Skills

Software Dev Tools

- Linux Operating System
- Microsoft Office
- GitHub
- Visual Studio Code

Complementary Skills

- Academic Writing
- Problem Solving

❖ Relevant Experience

Developing a Commute Web App (Software Engineering Project – 1st Semester)

Developed a commute web application as part of our project in Software Engineering I. Utilized work-related concepts such as project management, project planning, agile development, and team evaluation.

Participating in a Hackathon

Our team placed 3rd runner-up at UPV Komsai.org's KomsaiHack 2024 which focuses on digital innovation in agriculture. We designed a mockup for a mobile e-commerce app for local farmers and communities using Figma.

❖ Interests and Hobbies

- **Reading:** Interested in reading fiction and non-fiction texts including publications in business and technology as well as scientific blogs and articles that provide the latest innovations and trends.
- **Volunteering:** Active member of UPV Validus Amicitia (2023 – present), contributing to various community service initiatives and projects showcasing effective teamwork and communication skills.
